**MACS 2016 Training Event and Trade Show Successful**

**February 18, 2016 (Lansdale, PA)**-The Mobile Air Conditioning Society (MACS)

Worldwide once again successfully filled the mobile A/C and heat transfer industry niche for training, networking and commerce with its annual training event and trade show, held this past February 11-13, at the Caribe Royale Hotel and Convention Center in Orlando, FL.

“We were happy to host over 1000 attendees from 21 countries, 28 technical speakers, eight networking events and 90 different exhibition booths with the support of 39 loyal sponsors,” remarked Elvis L. Hoffpaur, MACS president and chief operating officer.

“After two consecutive years with an East Coast based venue we look forward to our 2017 Training Event to be held February 15-18, at the Anaheim Marriott in Anaheim, CA. Our West Coast and Pacific Rim members have responded enthusiastically to our Anaheim plans.”

The theme of MACS 2017 Training Event and Trade Show is ***Mobile A/C: Global Service Horizons***. Interested exhibitors can contact MACS Events Manager, Pam Smith, at [pam@macsw.org](mailto:pam@macsw.org) to reserve a booth.

Since 1981, the Mobile Air Conditioning Society (MACS) Worldwide has been the advocate for service and repair owners, distributors, manufacturers and educators making their living in the total vehicle climate and thermal management industry. MACS Worldwide empowers members to grow their businesses and delivers tangible member benefits through industry advocacy with government regulators and by providing accurate, unbiased training information, training products, training curriculum and money-saving affinity member services. MACS has assisted more than 1-million technicians to comply with the 1990 Clean Air Act requirements for certification in refrigerant recovery and recycling to protect the environment.
