University of the Aftermarket Foundation Introduces New Website

Bethesda, MD – April 26, 2016 – The University of the Aftermarket Foundation has launched a new website at www.UofAFoundation.com. The new site features the foundation’s mission, latest news and donor information, and makes it easy for visitors to apply online for one of the hundreds of scholarships awarded each year by the foundation.

“We recently introduced a new contemporary brand identity for the University of the Aftermarket Foundation. The next logical step was to develop an easy-to-navigate website to serve as the go-to place to learn about the foundation and its scholarship opportunities,” said Tim Lee, MAAP, chairman of the University of the Aftermarket Foundation. “The site also makes it easy to contribute to the foundation and allows us to recognize the generous donors who support the foundation’s mission to educate the next generation of auto care industry professionals.”

For more information about the University of the Aftermarket Foundation, call (816) 584-0511 or visit www.UofAFoundation.com. The foundation is a 501(c) 3 not-for-profit organization and all contributions are tax deductible to the extent provided by law.

About the University of the Aftermarket Foundation

Since 1986, the University of the Aftermarket Foundation has funded millions of dollars of scholarships, grants, research and ongoing educational programs to help develop a strong, knowledgeable aftermarket work force. The foundation encourages industry support, including donations for the purpose of honoring or memorializing individuals or otherwise recognizing special events, to help ensure the continued availability of training and education that strengthen the industry. For more information about the University of the Aftermarket Foundation, visit www.UofAFoundation.com or contact Barbara Cunningham at 816-584-0511 or cunningham8095@yahoo.com.
