FOR IMMEDIATE RELEASE

Monroe ‘Quick \$10’ Promotion Rewards Counter Professionals for Quick-Strut® Replacement Sales

Monroe, Mich., June 12, 2017 – This spring, Tenneco is giving counter professionals an opportunity to earn extra incentives for each pair of qualifying Monroe® Quick-Strut® replacement assemblies sold through the “Quick \$10 Benefits” promotion, running June 1 through Aug. 31, 2017.

“Monroe Quick-Strut replacement assemblies are an all-in-one guaranteed premium ride control solution that helps to improve customer satisfaction through product quality and installation times,” said Andrew DeSmidt, promotions manager, Tenneco.

Participants can earn \$10 for each qualifying pair of Monroe Quick-Strut replacement assemblies sold during the promotion period. Total award dollars are calculated from total program sales and the reward will be delivered on a Visa® Prepaid card* after the program ends.

Monroe Quick-Strut strut assemblies include all the necessary components for a complete, high-quality strut replacement in a single, fully assembled unit. Manufactured using U.S. grade steel, each unit is precision-engineered and features a premium Monroe strut, application-specific coil spring technology and an OE-style upper strut mount and bearing plate. Quick-Strut assemblies are available for a broad range of popular passenger cars, light trucks and SUVs.

All Monroe Quick-Strut assemblies are covered by Tenneco’s limited lifetime warranty and the Monroe “Feel the Difference™” Guarantee, which allows consumers to experience the benefits of renewed vehicle stability and ride quality during a risk-free 90-day or 1,000-mile (1,600-kilometer) trial period. Those who don’t experience a positive difference can return to the service provider during the trial period for a refund of the original purchase price (less any discounts and/or rebates) plus labor costs of up

to \$100 per axle and wheel alignment of up to \$80, if applicable, when performed by a service professional. Restrictions apply; see www.monroe.com for details.

Completed scorecard entries must be postmarked and mailed to the Monroe promotion headquarters by Sept. 30, 2017. Only units sold between June 1 and Aug. 31, 2017 will be counted toward rewards. Quick-Strut assemblies that qualify under the promotion include 139000, 171000, 271000, 272000, 273000, 371000, 372000, 471000, 472000, 572000, 672000, 872000 and 972000 Series models. Participants can earn a maximum of \$500 through this promotion.
