Four Seasons Introduces Full Line of New Air Door Actuators

LEWISVILLE, Texas, July 25, 2018 – Four Seasons® introduces a full line of all new air door actuators, a key component for driving comfort and air ventilation.

“Made from premium materials, precision gears and high quality soldered connections, Four Season’s air door actuators undergo rigorous testing to ensure OE fit, form and function,” said Ron Miller, marketing director, Four Seasons. “With over 200 part numbers available covering 140 million vehicles, Four Seasons has the coverage that professional technicians need for this common replacement item.

“With up to as many as six per vehicle these high failure items are a great compliment to our full line of HVAC products.”

For more information on the new Four Seasons air door actuators, contact a local account sales manager or visit www.4s.com.

About Four Seasons:

Four Seasons is a flagship brand of Standard Motor Products, Temperature Control Division (SMPT). As the largest remanufacturer in North America of mobile air conditioning compressors, SMPT manufactures and distributes a comprehensive line of replacement climate control and engine cooling products for passenger cars, SUV’s, trucks and fleets. Standard Motor Products also offers ignition, emission controls, wire and cable, electrical and fuel delivery components to the aftermarket industry. Visit www.4s.com for more information.
