

World's largest auto supplier, Bosch, introduces new professional diagnostic tools in North America

June 26, 2018

- ▶ New ADS 325 and ADS 625 professional scan tools include coverage for Domestic, Asian and European vehicles
- ▶ Full diagnostic capabilities including system scans, data stream, special tests, bi-directional controls, repair information and more
- ▶ Built-in Wi-Fi and Firefox for open browsing
- ▶ Compatible with other wireless accessories including borescopes, battery testers, TPMS reset tools, and NVH analyzers
- ▶ Tools run Android 5.0 with a 64GB SSD for fast processing, printing and file sharing

WARREN, Mich., - Bosch, the world's largest auto supplier according to *Automotive News*, announces today the Automotive Diagnostic Solutions line with two new scan tools, the ADS 325 and ADS 625. The new go-to diagnostic tools offer everything technicians need to diagnose, research and repair vehicles in one solution. The tools are designed and tested by technicians, with technicians in mind, to diagnose the most complex vehicle issues for passenger cars and trucks.

The easy-to-use interface for both tools saves technicians time and offers coverage for Domestic, Asian and European brands with just one subscription. Both the ADS 325 and ADS 625 can quickly Auto ID CAN vehicles, read/clear all DTC types from all controllers, view data PIDS, perform bi-directional controls, calibrations, resets and relearns. The easy-to-use software and diagnostic workflows allow for fast navigation for optimal efficiency.

The tools are compatible with wireless accessories such as borescopes, battery testers, TPMS reset tools, NVH analyzers and more to enhance a technician's diagnostic capabilities. Included with the tools are the OBD II cable with light and voltmeter to confirm battery voltage prior to scanning. The scan tools come equipped with on-tool and online repair information including:

Bosch Automotive Service Solutions

- Confirmed fixes to help diagnose and repair vehicles
- Maintenance procedures (brake/battery/TPMS/tune-up specs/other)
- Component locations
- Key programming
- Technical service bulletins (TSBs)

The ADS 325 and ADS 625 have features such as built in Wi-Fi and Firefox for open browsing and run on Android 5.0 with a 64GB SSD for fast processing, printing and file sharing. The 7” ultra-crisp, high-resolution optically-bonded display on the ADS 325 allows for optimum viewing in all lighting conditions, and the 5MP rear camera enables photos for sharing and Vehicle Scan Reports.

The ADS 625 is based on the same software as the ADS 325 and adds:

- Industry-leading full color OE system wiring diagrams for vehicles 1986 and newer
- Wireless VCI with freedom to move anywhere in the bay and stay connected to the vehicle
- J2534 pass-thru VCI for OE programming capabilities
- Large 10” ultra-crisp high-resolution display for optimum viewing in all lighting conditions
- Dual 5MP front and rear cameras enables photos for sharing and Vehicle Scan Reports
- HDMI output for extended display
- Docking and charging station

The Bosch ADS 325 and ADS 625 will be available in July 2018. Learn more at www.BoschDiagnostics.com/pro/ads.

About Bosch

The Automotive Aftermarket division (AA) provides the aftermarket and repair shops worldwide with a complete range of diagnostic and repair shop equipment and a wide range of spare parts – from new and exchange parts to repair solutions – for passenger cars and commercial vehicles. Its product portfolio includes products made as Bosch original equipment, as well as aftermarket products and services developed and manufactured in-house. More than 18,000 associates in 150 countries, as well as a global logistics network, ensure that some 650,000 different spare parts reach customers quickly and on time. In its “Automotive Service Solutions” operations, AA supplies testing and repair-shop technology, diagnostic software, service training, and information services under the Bosch, OTC and Robinair brands.. In addition, the division is responsible for the “Bosch Service” repair-

shop franchise, one of the world's largest independent chains of repair-shops, with some 17,000 workshops. In addition, AA is responsible for more than 1,000 "AutoCrew" partners.

Having established a regional presence in 1906 in North America, the Bosch Group employs nearly 34,500 associates in more than 100 locations, as of December 31, 2017. In 2017 Bosch generated consolidated sales of \$13.7 billion in the U.S., Canada and Mexico. For more information, visit twitter.com/boschusa, twitter.com/boschmexico and www.bosch.ca.

The Bosch Group is a leading global supplier of technology and services. It employs roughly 402,000 associates worldwide (as of December 31, 2017). The company generated sales of 78.1 billion euros (\$88.2 billion) in 2017. Its operations are divided into four business sectors: Mobility Solutions, Industrial Technology, Consumer Goods, and Energy and Building Technology. As a leading IoT company, Bosch offers innovative solutions for smart homes, smart cities, connected mobility, and connected manufacturing. It uses its expertise in sensor technology, software, and services, as well as its own IoT cloud, to offer its customers connected, cross-domain solutions from a single source. The Bosch Group's strategic objective is to deliver innovations for a connected life. Bosch improves quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life." The Bosch Group comprises Robert Bosch GmbH and its roughly 440 subsidiary and regional companies in 60 countries. Including sales and service partners, Bosch's global manufacturing, engineering, and sales network covers nearly every country in the world. The basis for the company's future growth is its innovative strength. At 125 locations across the globe, Bosch employs some 64,500 associates in research and development.
