John Bean Offers New Line of Heavy Duty Tire Changers

Conway, AR – Dec. 10, 2018 – No matter the size of your shop or how many heavy duty vehicles you service, John Bean® has the ideal heavy duty tire changer to meet your needs.

“The new line of John Bean heavy duty tire changers will provide our customers the ability to service heavy duty vehicles with increased productivity and performance,” said Kyle Harris, product manager for John Bean. “Whether a shop services a few trucks or a large fleet of vehicles, John Bean has the right heavy duty tire changer to positively impact every business.”

The new line of *John Bean* heavy duty tire changers includes:

[John Bean 8058 Heavy Duty Tire Changer](#)

- Capable of servicing up to 58-inch wheels and 95-inch tires
- Offers wireless control pendant
- Easily allows a single operator to change even the largest and heaviest assemblies
- Opens new tire changing revenue streams while still being able to change simple truck assemblies

[John Bean 8056 Heavy Duty Tire Changer](#)

- Handles up to 44-inch wheels and 90-inch tires
- Versatile machine that makes changing agriculture and truck tires easy
- Strong tulip clamping jaws easily handle most agriculture and off-the-road assemblies
- Easy to learn and operate

[John Bean 8026 John Heavy Duty Tire Changer](#)

- Can change wheels up to 26-inches and tires as large as 60-inches
- Perfect “do all” machine for heavy duty service
- Can service truck and skid loader tires on one compact machine
- Movable control pendant
- Optional roller accessory for tubeless highway assemblies

To learn more about the new *John Bean* heavy duty tire changers and other innovative wheel service products, call 877-482-4866 or visit www.johnbean.com.
