

Actron introduces new Wi-Fi Borescope Camera compatible with various smart devices July 1, 2019

- ▶ New CP7670 camera works with iPhone, iPad and Android smart phone and tablet
- ▶ Ability to view, store and playback photos and videos when inspecting hard to reach areas
- ▶ Adjustable brightness of 4 tube-mounted camera LEDs with 8 brightness settings

WARREN, Mich., - Actron has announced a new Wi-Fi Borescope Camera that gives users the ability to view and playback photos and videos from vehicle inspection with the download of an app on their smart device. The new camera is ideal for use in homes, cars, boats and more for inspection work where the area to be inspected is inaccessible by other means. It is now available in North America.

The CP7670 Actron Borescope Camera is compatible with iPhone, iPad and Android smart phone and tablet devices. It is ideal for many applications including inspection of HVAC duct work, vent pipes, machine equipment, engines, cable routing and automotive, boat and aircraft systems. The flexible 3.3-foot tube can be shaped into any viewing condition, allowing for optimal viewing in hard to reach areas.

The 8mm camera includes an adjustable brightness of four tube-mounted camera LEDs with 8 brightness settings. The camera head itself is manufactured and tested to IP67 waterproof standard. The camera comes with a mirror, magnet and hook.
